'HOT POTATO' OF SEWER DIST. 71 ASSESSMENT IS BEFORE COUNCIL

In Which We Affirm a Policy To Which We Adhere

THIS NEWSPAPER BELIEVES that it has consistently supported things worthwhile for this community—and will continue to do so.

At the same time it has refused to accept dictation from any governing body or organization — and will continue to do so.

It has, we believe, steadfastly supported the churches and churchmen of Sierra Madre, the Kiwanis Club, Lions Club, Civic Club, Woman's Club, the Community Nursery School Association and other such organizations.

More than a year ago this newspaper gave of its own funds—when it could ill-afford to do so—to help—over a five-month period—promote the Kiwanis Crop Growing Contest. It provided and paid for pictures and printing of materials for this worthwhile contest.

★ ★ ★

IT HAS WHOLEHEARTEDLY helped the Lions Club with its Pioneer Day Celebration and other enterprises of that hustling, doing organization. The same is true of the Civic Club, Woman's Club, Boy and Girl Scouts, Camp Fire Girls, the churches and other groups component parts of municipal well-being.

There are times, however, when a newspaper, if it is worth its salt, must aggressively defend itself, especially when it believes such action is for the welfare of most of the people of a community.

There has come to our notice that a leading member of the Kiwanis Club had arranged for City Administrator Lawrence C. Bevington to speak at the club's meeting next Tuesday and for him to answer the remarks in the Sierra Madre News concerning the complaints of taxpayers in Sewer District No. 71, as voiced at the last regular meeting of City Council, and about the editorial in this newspaper titled "Should Bevington Resign?"

★ ★ ★

WE DO NOT BELIEVE that a majority of Kiwanis Club members wish their club to be used as a springboard for any such partisan project. Likewise, we do not believe that Administrator Bevington would lend himself to any such project. Nor are we attacking the Kiwanis Club en toto. But we do question the activities of this member, for we believe that he has stepped out of line, mistakenly of course, in contemplating an attack on this newspaper for upholding what it considered the rights of the people in District No. 71.

This newspaper has never denied any public official the privilege of using its columns to air their views or for us to report the news concerning them. This goes for Administrator Bevington or any other city official—they are free to detail their views in this newspaper. We, of course, reserve the right to agree or disagree with them and to so state editorially or in the news columns.

★ ★ ★

WE HAVE BEEN invited to attend next Tuesday's meeting of the Kiwanis Club, and in the interests of this community we may do so.

And, as usual, we will print a story about its proceedings, this in line with the support we have given this organization and its projects through the past 20 months. Make no mistake, however—we accept criticism about this newspaper, especially constructive views toward making it a better newspaper, but likewise we reserve the right to criticize when we believe is necessary and needful. This we will do.

ROBERT D. DODGE of 111 Orange Ave., Sierra Madre, (left) was named one of the outstanding salesmen in the United States at the annual convention of the Acme Juicer Manufacturing Company of Lemoyne, Pa., which was held in Chicago. Alfred Leo (right), president of the company, presents Mr. Dodge with a special sales award. Mr. Dodge formerly owned the company, with headquarters then in Sierra Madre.

Up Again At Meet Tonight

The "Hot Potato" centering about the storm of protests from property-owners in Sewer District No. 71 was again tossed around Tuesday night by City Council with the result that after canvassing 19 specific protests during a two-hour period, this ticklish, controversial problem was carried over to an adjourned meeting scheduled for Thursday (tonight). The problem involves $371,000 of sewer installation, and indirectly two other sewer districts covering most of the city acreage.

Before another packed Council Chambers, the city fathers heard and themselves argued the pros and cons of charges of inequities and mistakes in the sewer assessments for the district.

Whether the protest involving the E. Waldo Ward property (the building at W. Sierra Madre Blvd. and Windsor Lane now occupied by the McKibben Furniture Store) presages court action remains to be seen.

IN THE END, Council decided that the inequalities concerning the Mrs. John Buchan property should be ironed out and that of the Bethany Church corrected. Some action also is expected on the Dixie Tiller property while the Ward protest is certain again to be discussed, at least, Thursday night.

Atty. Noren Eaton, representing Ward, charges that his client's assessment needs adjustment. Atty. Eaton contends that the assessment is faulty in two respects—that neither side of Sierra Madre Blvd. has been assessed for the improvement and that part of a $20,000 trust fund created for the city during the depression, was earmarked for sewer purposes. Consequently, he argues, part of it should have been utilized in paying for District 71's installations.

City Administrator Lawrence C. Bevington and Atty. Eaton tangled on this contention. City Atty. Charles R. Martin termed Atty. Eaton's premises "indefinite," but nevertheless considered them worthy of further consideration at the Thursday night's adjourned meeting.

COUNCIL TOOK a firm stand on the proposal to throw Duarte open for gambling similar to that in vogue at Gardena. It passed a resolution initiated by Mayor W. Webster Vannier opposing installing of Poker Halls in the adjoining city.

Following a conference between Mayor Vannier and Councilman Severin L. Sorensen with the concerned parties, the cul-de-sac handling of E. Bonita St., was reported. This precludes opening of this street from S. Baldwin through to Mountain Trail at present.

Administrator Bevington reported that the air-conditioning of the Public Library is practically complete and that the installa-

Bandits Get $1,810

S. M. Girl Is Awed In Market Holdup

Rita Tice, 23, of 729 W. Alegria, Sierra Madre, was a central figure in a "Mutt-Jeff" holdup of the Pantry Market at 575 W. Altadena Dr., Altadena, Tuesday in which the two bandits, flashing snub-nosed revolvers, escaped with $1,810 in cash.

Miss Tice was ordered at gunspoint by the taller bandit to stuff money from her cash register into a paper bag. The red-haired checker complied.

William Madson, 40, market manager, was forced to open the market safe at the behest of the shorter, stocky bandit.

"WE'RE GOING to clean out safe. Don't get excited," the bandit advised Madson, pointing his revolver at him. Meanwhile a box boy, Gary Games, 18, of 3380 Florencita Dr., Altadena, standing near the check stand, was ordered to "stay put" and keep his eyes lowered during the holdup. He also complied.

Taking the money from the safe, and from Miss Tice's stand, the bandits ordered all three to lie on the floor behind the stand. They then walked from the store and escaped in an old model, light blue car.

Demo Club In 'Kickoff'

A kickoff meeting for the "$ For Democrats Drive," Sept. 22 - Oct. 2 was held Sept. 20 at the home of Mrs. William Simmons, 435 N. Lima. It was decided to contact every registered Democrat in Sierra Madre. If anyone is missed and wishes to contribute they may phone Mrs. Simmons, ELgin 5-6342 or Jim Holt, ELgin 5-6838.

The club recently purchased a mimeographing machine and on it has printed its first newsletter. This will be sent to all registered Democrats with the hope of interesting them in the organization's membership. and to inform Democrats about what is going on locally.

The club's rummage sale is being held Oct. 9-10 at 31 E. Holly. For further information call Mrs. Kenneth (Mary) Moyer, ELgin 5-6013.

Stork Trooper Does His Job

It's Stork Trooper Kit Sanders, otherwise Sierra Madre police officer.

An emergency call came to Police Station last Friday, asking assistance in getting Mrs. Garrae Lincke of 315 W. Olive, Monrovia, to St. Luke Hospital — a baby was on the way.

Officer Sanders drew the assignment and managed to get Mrs. Lincke to the hospital in time.

Fellow officers believe that Stork Trooper Sanders should now be chosen godfather for the 6-pound, 13-ounce, 20-inch long baby daughter who was born to Mrs. Lincke —in the hospital.

Edison Co. Hikes Its Scholarships

Increased awards for tuition costs and expenses will be offered winners of the Southern California Edison Company College Scholarship Program this year, Paul J. Langlie, Edison's district manager, announces.

High school seniors winning the six scholarships offered in this third year of the Edison program will receive $1,000 annually toward tuition and expenses, Langlie said. In addition, the private college or university each elects to attend will receive a direct grant of $750 annually from the electric power company.

Illness Claims Mrs. D. Lewinski

Mrs. Anna Eva Lewinski, 64, of 48 S. Lima, Sierra Madre, passed away suddenly on Sept. 25 at St. Luke Hospital. Originally from Duluth, Minn., Mrs. Lewinski has been a Californian for 25 years and a Sierra Madrean for nine years.

Surviving are her husband, Daniel A. Lewinski of Sierra Madre, and three sisters, Mrs. James F. Auglfith of Bakersfield; Mrs. Agnes Maision of Temple City and Sister M. Dominica of Duluth.

Rosary was said at 7:30 p.m. on Wednesday in St. Rita's Church, and mass was Thursday at 9 a.m., with the Rev. Thomas J. O'Malley officiating. Interment was in Resurrection Cemetery.

Kiwanians Hear Douglass McMann

Douglass McMann, publisher, commentator, and program arranger for the Pasadena Civic Auditorium and Pasadena Playhouse, entertained the Kiwanis Club Tuesday with a running fire of stories of his amusing experiences in Southern California.

He mentioned the names of stage and screen stars who were launched on their careers in this area and handed to those present souvenir copies of pictorial magazines published under his direction.

Crew No. 2 Evens Score

Crew No. 2 of the Sierra Madre Volunteer Fire Department won the second of a series of five competitions with Crew No. 1 last Friday night. The latter crew had captured the first competition at the previous meeting.

Plans were discussed for Fire Prevention Week scheduled for Oct. 9-14.

The department will be represented at the California State Firemen's Association Conference to be held in Bakersfield by James Cole. This is a statewide organization of firemen from all parts of the state.

The Sierra Madre unit is one of the oldest members of this group and has had a 100 per cent membership over the years.

Police Chief Back After Vacation

Police Chief Gordon G. and Mrs. Marie McMillan have returned to their home at 368 Mariposa after a vacation spent in the High Sierra centering from Bridgeport. Much of the time was spent in fishing the trout streams in the mountains.

Religious Schooling To Start

Classes in religious education on released time will be offered for the first time in Sierra Madre, beginning Wednesday, Oct. 4. Children in grades 4, 5 and 6 may be released to go to these classes upon written reqeust of their parents.

Sessions for children from Sierra Madre School will be held in Bethany Church; those from Sierra Mesa School will be brought by bus to the Congregational Church.

The program is in its 16th year in the Pasadena Area. Three faith groups, representing 86 churches in the community, are united in the Inter-Faith Committee to make arrangements with the Board of Education for release of the pupils. Working together in the program are the Roman Catholic Churches, Association of Evangelical Churches, and Pasadena Area Council of Churches.

EACH GROUP plans its own curriculum and provides qualified teachers. Classes are offered without charge as the sponsoring churches and interested individuals meet the cost. Last year in Pasadena more than 3,400 pupils participated in the program.

Parents wishing additional information regarding any group may call one of the following sponsors: Association of Evangelical Churches — SY 3-3329; Roman Catholic Churches — SY 2-7286; Pasadena Area Council of Churches — SY 5-5148.

Lee Shippey Writes On Americanism

I disagree with those who say the overiding issue of our coming campaigns should be Communism. I think it will be a sad day for this country if any other ism becomes one-tenth as important as Americanism. And some persons get so agitated about Communism and other isms that they forget some basic tenets of Americanism.

Americanism demands freedom of conscience, of speech and of the ballot, so long as nothing is done or said which is illegal, treasonable, libelous or falsely accuses anyone.

Unfortunately, when our politics get hot, false accusations or unproved suspicions are so habitual on both sides that people only smile when someone files a $1 million damage suit, knowing it will never come to trial.

It is degrading and injurious to accuse any American by name of Communism, and true Americanism should forbid that unless the accuser can offer proof of his charge which will stand up in court.

And if he has that he

MR. AND MRS. SAM (ANNETTE) PERLOF were meeting again at 11:30 p.m. at Los Angeles International Airport as of last Tuesday, Sept. 26.

The Perlofs, as you probably know, have been on a tour of the Orient and Far East. They flew from Los Angeles to Japan where they spent ten days, then to Hong Kong for eight days where they had a visit and dinner with Jack Young, a former Sierra Madrean, now in business in Hong Kong. Jack is the son of Mrs. Frederick Roess of this city.

The Perlofs were in Bangkok four days: Istanbul three days, with a one-day stop at Karichi, four days in Athens, Greece, on to Tel Aviv for seven days and arrived in Rome, Italy.

Sam got homesick for Sierra Madre, and decided to fly home via Paris and New York. Annette decided to take a few more days on the Continent and as this is being written she's coming in by jetliner from New York on the 11:30 night flight—safe and sound.

BOB SCHEFFEL has replaced Loren Brubaker as distributor of the Sierra Madre News in the Foothill area. Loren has taken the dealership of a San Gabriel Valley newspaper. Bob and Loren are close friends and both have a profound interest in music—namely the pipe organ.

Bob's a humanities major, finishing his second year at PCC, but his first love is music. He is organist of two churches—organist at Concordia Lutheran Church in Azusa and assistant organist at First Lutheran Church in Monrovia where last Sunday they dedicated a new parish hall-chapel.

He takes organ lessons from Jut Williams in Monrovia, who has a Wurlitzer organ in his home, and also takes music theory and organ instruction at PCC.

Of course, you know Loren is the lad who with his father, Dr. Wilson Brubaker, and brother, Wayne, are on their third year of building a theater pipe organ in their home in Santa Anita Highlands.

Loren is at Los Angeles State College—his senior year.

"Everybody talks about the government, but how many persons take the time and trouble to write their congressman in either disagreement or support of his actions?"

This was the question a prominent businessman asked grousing friends at a recent social function.

"I do, and often," I retorted, hoping to disprove his theory on apathetic Americans.

"What's more, their prompt answers are interesting, and sometimes frankly surprising." And then I was off on one of my favorite topics, THE CONGRESSIONAL MAIL BAG.

Last week I received a fascinating letter from a Midwest senator of the opposing party. He not only surprised me by agreeing with my opposition to a particular bill, but wrote a long letter stating facts, figures and persons that were presented to his committee. I consider his revelations shocking and to my knowledge, the Washington news wire services haven't reported these facts to the public.

Another senator, to whom I write letters of disagreement rather often, replies promptly with a mimeographed defense of his voting record.

* * *

AND HERE'S A FUNNY — A friend wrote the President to protest one of his proposals. Back came a form letter:

"The President thanks you for your letter in support of his program." The angry citizen wrote again, "How could you possibly interpret my letter to mean agreement?"

I doubt that any heads rolled because of this goof, but almost quicker than you can say Christopher Columbus, a cabinet member replied via air mail special delivery. This important and personal "document" stated that of course they understood she opposed the actual bill being voted on, but knew she really supported the President's proposal in essence. My friend is still shaking her head over this sematic twist!

Meanwhile, I hopefully assure her, and anyone else who will listen to me, that letter writing efforts are not in vain. The sentiments of letters, (preferably brief, or postcards), are almost always tallied and answered. And a volume of mail on a particular bill is usually reported to the committee studying it.

Our representatives are subject to many kinds of pressure, but I've never found one who wasn't grateful for the public opinion barometer—THE CONGRESSIONAL MAIL BAG.

HASTING'S NEEDLEWORK GUILD is worthy of our special attention, as they hold their annual Ingathering today at the home of the director, Mrs. Alpheus Pruitt, 3810 Cartwright.

Queen Victoria would indeed be pleased to witness today's Ingathering. In 1880 she invited a group of ladies to sew with her for charitable causes. In 1885 the Needlework Guild of America was founded in Philadelphia, and ten years later a Los Angeles branch came into being.

The 54 members of the Hastings Ranch Section have been sewing garments all year, and now that the time of gathering and distributing has arrived there will surely be some well-deserved satisfaction over their handiwork. Thousands of hand-sewn items gathered from the Hastings Guild as well as other sections, are distributed to the Visiting Nurses Assn., La Vina Sanitorium, Rosemary Cottage, Boys Republic, Boys and Girls Aid, Braille Institute, Children's Hospital and many many more.

* * *

MRS. CECIL DAVIS and Mrs. Charles Mitchell are assisting Mrs. Pruitt this year. Expected to attend today's ingathering are: Mmes. Paul Adams, Ralph Anderson, Jack Anderson, Henry Asher, Craig Boorey, Paul Brown, Joe Bruno, Carl Burt, Victor Caffee, Paul Castor, Warren Cline, Neil Fallen, Dale Gaffney, James Gittinger, Max Goudge, Howard Heimbruch, Glen Highman, Svend Holst, Roland Kemp, Stanley King, Turner Kunkel, Peter Lubisich, Raymond Lundgren, and Jack Mayhew.

Also Mmes. Leon McCall, Fred Miller, John Moe, Gordon Newhouse, Warren Newton, Lee K. Peterson, Neil Rowley, Eugene Sielen, Brooks Thomas, A. M. Tomkkins, Thomas Walsh, Ernest Wenberg, Roy Miller and Frank White.

Also Associate Members Mmes. Ed Cowan, William Murphy, John DuBois, William Heller, Clifford Voges, Russell Pooler, Roy Carver, Ralph Judd, Frank Tobias, Robert Heffner, Richard Tuchscherer, Robert Forney and Peter Tabahak.

JOAN AND BILL LAWSON gave a fabulous Hawaiian dinner party last Friday evening. The gardens of their Shadow Grove home were aglow with torches, and they had cleverly converted the garage to a Hawaiian grass shack from which the bartender reigned.

Guests dined at colorful umbrella topped tables, and to top it all there was a fine orchestra and lovely Hawaiian dancer!

Joan's parents, Maj. and Mrs. J. O. Simpson were present. They recently moved a new home on Sierra Madre Villa from Carmel. Also present were Bill's parents and brother, the Robert Lawsons of Flintridge and Robert M. Lawson, Jr. of Los Angeles.

Joan looked especially festive in green knit capris and gold brocade mandarin jacket. And of course, the guests had 'gone Hawaiian' in their attire too. They were Messrs. and Mmes. David Anderson, Jack Botting, Wendell Booth, Robert Carson, Frank Cowhurst, Jack Follmer, John Harris, David Hannah, David Lloyd, Jack Morton, Robert McKnight, Tom Phillips, Jack Partch, Robert Russell, George Schlueter, Brooks Thomas, Charles Coleman and Leonard Reed.

THEY'RE STILL talking about the gala C. F. Guild party last Saturday evening! And why not; some 500 elegantly dressed people, superb food, danceable music in the beautiful Stuart gardens, all add up to quite a splash!

Especially noteworthy in the fashion department were Ann McKnight in a solid sequin sheath, Charlene Holloway in striking green satin with new trumpet skirt, Dee De Frandsen in beautiful beige satin and lace, and Edna Measons' tangerine chiffon with blouse top and many layered full skirt.

Patty Wright, Guild prexy, and Grace Rosic, party chairman, wore lovely brocade sheaths. Charles and Phyllis Hardison, (she founded the Hastings C. F. Guild in 1954), hosted the doctors and staff of Cystic Fibrosis Research, Los Angles.

John and Pat Norris, (she looked especially pretty in a white silk faille gown with the new blouson top over short flair skirt), hosted a table of ten of John's business associates and wives.

Lucky Bud Hayward won a raffle hat, made of 50 fan pleated dollar bills! The caterer created quite a conversation piece — colorful bite-size vegetable appetizers served in a large tiered crystal contrivance.

The hardworking members of Hastings Ranch Cystic Fibrosis Guild deserve high praise for their tremendously successful "September Affair."

PAULINE AND BILL KIRKLAND of Riviera Circle were hosts for the recent Sigma Kappa supper party, when the alums entertained their husbands for an evening of fun and food. Barbequed steaks weer served in the lovely informal setting of the Kirkland's garden.

On the diner committee were Mrs. Robert Curtiss, Mrs. Joseph Phelps and Mrs. George Derry.

Other Sigma Kappas in our area include Mmes. D. M. Bernt, Frank Jones, and Jack Sweetman.

The entertainment took a serious vein, as the group listened to the tape recording issued by the U. S. Navy entitled "What We Learned About America From the Communists." It demonstrates the techniques and results of Communist "brainwashing" during the Korean conflict. This tape was made available through the Naval Ordnance Test Station and can be obtained for group meetings.

Happy Party Is Hosted by R. Lawyers

The Richard Lawyer home at 415 E. Orange Grove, Santa Anita Oaks, was the locale for the Arcadia Assistance League annual fall costume party recently.

"Kiddie Kapers" was the party theme and guests entered the grounds of the Lawyer home via a children's slide. Worldly worries of typical adult life were dropped as the "kiddies" arrived for dining and dancing, games of hopscotch and jacks.

Balloons floated on the pool and kites, lollipops, comic books and props appropriate for small fry made up the decorations. A large crayon mural on brown paper formed the backdrop for Jack Stewart's orchestra.

TOM SAWYER was one of the most popular figures represented, with Byron Knoblauch and Alton C. Watson both appearing as the widely known Mark Twain character. Their wives represented Huckleberry Finn and Becky Thatcher, respectively.

Mr. and Mrs. George Rynes, who left for Europe the following morning, came as the "Mousketeers." the Russell Grahams of Sierra Madre came on roller skates with large notes pinned on their clothing giving their name, address telephone number and what time they had to be home.

The George Formans arrived as an old-fashioned girl in pantaloons and Little Lord Fauntleroy—with a black eye. Mrs. Kermit Hartzler was a case of the measles and was given advice on how to relieve the discomfort by Charles Tindall, a Boy Scout.

BEFORE the festivities, Mr .and Mrs. William Baugh and the Rynesses entertained entertained at cocktails at the former's Pasadena home for provisional and associate members and their husbands who were attending the party.

Provisional members this year are Mesdames Donley Brady, Howard Dauer, Stanton Davis, Edward Diddy, Horace Eldredge, Don George, James Hamilton and D. S. Hannah of the Santa Anita Oaks and the Highlands.

In charge of the "Kaper" was Mrs. T. A. D. Fessenden, social chairman, assisted by Mmes. Alton C. Watson, R. E. Baum, Richard Lawyer, Wayne Morrison and Don George.

Mrs. Homer G. Murphy of Santa Anita Highlands is president of the League.

Plans Made For Doll Fair

First fall meeting of the Sierra Guild of the Children's Hospital was held last week at the home of Mrs. Mel Pratt at 123 Loralyn Dr., and discussion centered on the group's plans to hold a Doll Fair pre-sale luncheon in October, according to Mrs. William Lloyd, president.

Associate members will be welcomed as guests and each regular member is expected to bring a guest to the Hospitality Room of the Glendale Federal Savings and Loan in Arcadia, Wednesday, Oct. 18.

Members, directed by Mrs. Charles Coffyn, have assembled gift baskets of hor d'ouevres items, attractively packaged for Christmas giving to be on sale at their booth at the 41st Annual Childrens' Hospital Doll Fair to be held on the grounds of the Marlborough School in Los Angeles, Saturday, Nov. 4.

Members and their friends will have the opportunity to make purchases of these items as well as stationery called "Button 'n Bows," which has been a project of the Sierra Guild members for the past two years.

The luncheon is being planned by Mrs. George Ensslin and her co-hostesses, Mmes. Fred Magill, Nick Pokrajac and Hugh J. Scarborough, all of Santa Highlands and Santa Anita Oaks area.

Along about this time of year I begin to get kind of wild eyed and frantic. What, with getting all of the children back to school and settling them, you'd think things would simmer down a bit.

No, not at all! There are committees and more committees, fund drives, and car pools. Who said the school year would be calm?

As if that weren't enough, now we have to adjust to changing the clock back again. I'd just gotten used to it this way, and now—well, it's no wonder we have so many psychotic people — I figure it is just a deliberate escape from all of those Decisions!

Seriously, if I were asked which two months of the year I would rather not repeat, I would be inclined to say September and April (taxes, you know).

Things are a little rough till once more the routine has been established and instead of getting more adept as I get older, I find I'm either less efficient or have more to do. At any rate, I'll see you in the Spring when I get back from the hills!

THE THOMAS H. HORN family of Pasadena Glen Rd. is rejoicing in their newest daughter. She was born on Sept. 12 at the Huntington Memorial Hospital and weighed in at 6:11 a.m. at 6 pounds, 11 ounces. (I told Mrs. Horn I was glad she hadn't been born at 12:30 at equally as many pounds). They have named her Marilyn Joy and she is doing her best to fulfill her name with her three sisters, Janice, 11; Nancy, 8, and Laurel, 13. Suddenly they all feel as if they have a real live doll in their midst.

THE FAMILY BIRTHDAY parties have finally concluded for the Sam Matloff family and their many September-born relatives. The last party was given at their Old House Rd. home and included among the celebrants and honorees Mr. and Mrs. Leonard J. Senior, Mr. and Mrs. Neil Steele, Mrs. Carrie Steele, Mr. and Mrs. Sam Kelley, Mr. and Mrs. James Brown, Miss Carol Brown, Charles Brown, who is just home from Germany; Miss Linda Carol Kelly, Randy Senior and Tommy and Mark Steele. They all came for an afternoon barbecue.

Highlight of the day proved to be a call from Mrs. Matloff's sister, Miss Evelyn Senior, who is living in Winnipeg, Canada.

THE HAROLD BERG HOME on oVsburg was the scene reecntly of a beautiful Bavarian garden party sponsored by Y's Menettes (the wives division of the Y's Men, a service club of the YMCA.

The patio was gaily decorated with colored lights and balloons. The 20 card tables were covered with brightly checked covers and decorated with more balloons.

The guests drifted around and listened to the strains of Bavarian music, accompanied by the accordion of a wandering musician.

There were polkas and community sings to the delight of all the costumed guests. Prizes were awarded, incidentally, for the most authentic costumes.

It would be an oversight if I did not mention the main committee members who were responsible for this wonderful benefit. I might add in passing that I am including the husbands, as their help was tremendously important.

The committee comprised Dr. and Mrs. Horace Alder, Mr. and Mrs. Allen Tingey (Mrs. Tingey was the party chairman as well as ways and mans chairman), Mr. and Mrs. Ralph Rooney, Mr. and Mrs. Bill Johnson, Mr. and Mrs. Neal Batterson and Mr. and Mrs. Ted Morris, as well as the two hosts.

MR. AND MRS. A. J. HUBER of Old House Rd. are back from an enjoyable weekend at Rancho Santa Fe. They both went down to attend an Association for Executive Education meeting. There were several parties and special entertainment planned for the entire group during the recesses from the meetings.

City Planning Commission Launches 'Study Session' For Help of Taxpayers

The Sierra Madre Planning Commission has adopted a new practice which will meet with the approval of most citizens, especially the taxpayers.

The commission, with Harold G. Petz chairman, will hold "Study Sessions" once each month, these between the regular meetings, and at which people will have opportunity of presenting their problems and to have them adequately discussed.

The next such session will be on Thursday, Oct. 5, at 8 p.m.

THE REGULAR MEETING last Thursday night resulted in approval of the 9,000-square-foot lots for R-1 zoning, a medium between the present 7,500 - square - foot minimum and the 12,000 to 15,000 - square - foot maximum. The approval now goes to City Council for confirmation or rejection.

The 9,000-square-foot proviso, which it is hoped will care for property not suitable for either the minimum or maximum, provides for frontages of not less than 70 feet.

The commission requested City Atty. Charles R. Martin for two reports on the proposed ordinance governing home occupations or industries.

THIS SITUATION arose weeks ago when an effort, afterwards discontinued, was made to install a home occupation setup in a W. Bonito St. home. Protests of adjoining property owners caused both City Council and the Planning Commission to recommend clarification through a new ordinance.

The city attorney was asked to present reports on the general criteria touching on home occupations and another containing provisions of a proposed ordinance.

The commission approved Tract 24397 involving the Jennings property. Several plans, successively revised, had been submitted by Henry V. McNulty, agent for the estate.

Mrs. Wright Back From Overseas

Mrs. May R. Wright of 471 N. Sunnyside, member of the City Planning Commission and leader in Sierra Madre civic activities, is back from a month's tour of the Scandinavian countries, Holland, France and England.

Mrs. Wright flew SAS over the polar route in making her trip. She reports extremely hot weather in every land she visited.

The reckless driver and his new automobile are soon parted.

Wistaria Vine Originally Planted From Gallon Can, Brockton, Mass Paper Says

The halycon days of Sierra Madre's famed Wisteria Vine are recalled by Rev. W. J. Thompson D.D., Ph.D., former pastor of the Congregational Church here, and now a Los Angeles resident, in an article from the Brockton, Mass. Daily Enterprise of Aug. 14, 1951.

Dr. Thompson who had preached here recently during the vacation of the regular pastor, Rev. George W. Lindsay, has kindly sent the article to the **SIERRA MADRE NEWS.** The Professor George C. Thompson mentioned in the article is no relation to Rev. Thompson. The article follows:

"THE WISTARIA VINE in Sierra Madre, Calif., is no ordinary one, for it is rated as the world's largest, and $100,000 was expended on this single plant.

In 1913 the gardens were first opened to flower lovers and since then people from all over the world have made it a point to see it.

Mme. Chiang Kai-shek heard of it in her homeland and when in America journeyed to see it. During the blooming season as many as 50,000 persons have come to see it.

They have an annual Wisteria Fete, but there is no set date for it, as when it is cold, the blossoms are delayed. Date of the fete depends on when the vine is in full bloom. At this time the grounds are opened to the public.

THE VINE WAS originally planted in 1893 from a gallon tin can, near the steps of a ten-room house. Its owner boasted to a neighbor one day that within two years it would cover the house. It surely does — you can see the steps and that's about all. At the end of two years it was enveloping his residence.

Not too long after that he faced the problem of trimming the vine or moving out and letting the vine grow and cover the house.

TODAY, PARTS of the house may be seen, but its purpose now is the principal support for the vine's main arbor, spreading 40,000 square feet. One branch measures 486 feet.

It was the second owner of this house and vine, who set aside more than $100,000 to encourage its growth by every means at her command. Her desire was to create a beautiful vine similar to one in Italy.

The vine is situated on a hillside in California from where you can see, in the not too far distance, the slopes of the Sierra Madre Mountains.

WHEN IN BLOOM its lavender tufts hang by the millions, like grapes, from vines which cover an acre. Under the arbor lawns, Grecian benches and curving walks accommodate the visitors.

Recently, Dr. George C. Thompson who is a retired professor of botany at the University of Virginia and vice president of the Scientific Horticulture Societies of America, pronounced it the largest blooming plant in the world.

He classed it as a botanical wonder ranking with the Giant Forest of the Sequoia National Park, India's Taj Mahal gardens, Japan's famous rock gardens in Yokohama, Mexico City's Floating Gardens, the gardens of Buckingham Palace and the tropical foliage of the Amazon River."

Behind The Scenes In Business

NEW YORK—"Population growth" always is good news for marketing men, for it implies more people to buy their wares. But today's marketing experts have to be keenly aware of more than simply the statistical increase that has carried our population past the 181 million mark.

Specifically, they are keeping a close eye on the breakdowns of the population—by age groups, style of living (urban, rural, suburban, etc.), and so on.

Currently, marketing men are paying particularly close attention to the remarkable proportionate increase in two age groups—teenagers and the so-called "senior citizens" over 65. Vitally important are their spending habits and preferences in many consumer products and styles.

* * *

MOST SIGNIFICANT about the teenage population is the fact that they have far more purchasing power today than in pre-World War II days. Thus many retail outlets aim promotions directly at local youth. And over the long haul this group is even more important because soon they'll be adult buyers, forming new households. The under-19 group currently amounts to 68 million souls, it is estimated.

Mrs. Walter Holm of Nogales, Ariz., is visiting her daughter and family, Mr. and Mrs. Lee B. Milton and children, Alan 2, Marina 8, and Bruce 10 of 240 Hacienda Dr., Santa Anita Oaks. She'll be here for several weeks.

should take it to the FBI. We want to know and watch real Communists, but nothing is more unAmerican than to accuse anyone of Communism unless we are prepared to offer proof.

* * *

LAST WEEK was Constitution Week which made us realize how wise our Founding Fathers were. Realizing that extremists of either the "Right" or the "Left" were dangerous to liberty, they gave us the Bill of Rights.

KHRUSHCHEV says the Reds will insist on revamping the United Nations. We couldn't start better than by making it clear to the Soviet Bloc that it is cordially invited to get out and stay out.

For centuries every world crisis has shown the vital need of a combination of nations to enforce peace and international justice, for human nature is too selfish to submit to law and order where there are no police and no courts to compel respect for them.

The Russian veto in the Security Council has been the most formidable obstacle to world peace in recent years and a three-man committee heading the UN would practically double Russia's power to obstruct.

* * *

I'M SORRY. I always hope to write about persons and things of local interest, but these days it is difficult to think about anything but important problems. It is worthy of note, however, that the Civilian Defense folks may create a business boom and solve the unemployment problem.

Last night I heard one, on TV, assert that every home should have a bomb shelter. That should mean at least 50,000,000, even if I don't build one. The few I know about, I think, cost more than $1,000 apiece. Multiply that by 50,000,000.

* * *

YES, DESPITE their ruin and tragedy, wars strangely benefit the economy, so many of us wonder what would happen if world peace were declared.

But travel in Switzerland, which is nearly all water, snow, ice and rock, with no oil, gold, silver, iron or other valuable minerals and you are amazed to realize what a couple of centuries of peace can do for a nation with few natural resources.

La Salle Frosh Being Initiated

Frosh Initiation ceremonies at La Salle High School, as outlined by Mike Johnson, senior class president, will include a strong emphasis on garden work and general campus cleanup.

Following two afternoons of work detail, the frosh will be entertained by the upper-division students with a variety show. A Frosh Welcome Dance, to be held on Saturday, Sept. 30, will end the Initiation Week.

PROPOSED SUFFOLK ST. opening from S. Baldwin through to S. Hermosa received an impetus when City Atty. Martin reported the transaction between the city and Sam Perlof who owns property at the S. Baldwin bottleneck and again further on, had been completed for $9,000. The Helen Keating property nearby also has been acquired but the complete right-of-way remains to be obtained through condemnation proceedings.

The proposed ordinance favored by the Planning Commission and establishing an intermediate building zone of 9,000 square feet, went over until the Oct. 24 meeting. This zone would be between the present 7,500 square foot and 12,000 to 15,000 square foot zones.

COUNCILMAN RALPH R. RULE announced that the first meeting of the Civil Defense and Disaster Council will be held Monday night at 7:30 o'clock in Council Chambers.

Paul N. Carter refused an offer of $25,000 for his Bailey Canyon Property which he has offered to the city for park purposes, the payment to be spread over four years. The offer was made Tuesday night by City Atty. Martin following announcement that the city appraisal of the property is $25,400. The question was put over until the Oct. 10 meeting.

'My Son Goes To School'

EDITOR'S NOTE — Sometimes there comes to the desk of an editor "a piece for the paper" which is sublimely worthwhile. Such was the case when school opened in Sierra Madre on Sept. 11, an article that is so superbly human, coming, as it does, from the heart of a fine mother, that we offer to share it with you. Here it is:

"My young son starts school today . . . It's all going to be strange and new to him for a while . . . and I wish you would treat him gently.

You see, up to now, he's been king of the roost . . . He's been boss of the backyard . . . His mother has always been around to repair his wounds, and I've been handy to sooth his feelings.

But now things are going to be different . . . This morning he's going to walk down the front steps, wave his hand, and start out on the great adventure . . . It's an adventure that will probably include wars and tragedy and sorrow . . . To live his life in the world he has to live in will require faith and love and courage . . . So, Teacher, I wish you would sort of take him by his hand and teach him the things he will have to know.

Teach him . . . but gently, if you can.

* * *

HE WILL have to learn, I know that all men are not just, that all men are not true, but teach him also that for every scoundrel there is a hero . . . that for every crooked politician, there is a dedicated leader . . . that for every enemy, there is a friend. It will take time, I know, but teach him, if you can, that a nickel earned is far more value than a dollar found. Teach him to learn to lose . . . and to enjoy winning.

Steer him away from envy, if you can, and teach him the secret of quiet laughter.

Let him learn early that bullies are easiest people to lick. Teach him, if you can, the wonder of books. But also give him quiet time to ponder the eternal mystery of birds in the sky, bees in the sun, and flowers on a green hill.

* * *

IN SCHOOL, teach him it is far more honorable to fail than to cheat. Teach him to have faith in his own ideas, even if everyone tells him they are wrong. Teach him to be gentle with gentle people and tough with tough people.

Try to give my son the strength not to follow the crowd when everyone else is getting on the band wagon. Teach him to listen to all men . . . but teach him also to filter all he hears on a screen of truth and take only the good that comes through.

Teach him to scoff at cynics and to beware of too much sweetness. Teach him to sell his brawn and brains to the highest bidders but never to put a price tag on his heart and soul.

* * *

TEACH HIM, if you can how to laugh when he is sad. Teach him there is no shame in tears. Teach him there can be no glory in failure and despair in success. Treat him gently, Teacher, but don't coddle him . . . because only the test of fire makes fine steel. Let him have the courage to be impatient . . . let him have the patience to be brave.

Teach him always to have sublime faith in himself. Because then he will always have sublime faith in mankind.

This is a big order, Teacher, but see what you can do. He's such a nice fellow — My Son."

'We, The People'

The Constitution written by the Founding Fathers and which so clearly charts the true course for this country—if we will only heed its provisions—is a constant reminder that freedom is something which we cannot take for granted, and that if this freedom is to be preserved it must be fought for by each generation. This newspaper believes this.

One of our perils today is the tendency toward secrecy in government, the aim of small coteries of men to perpetuate themselves in office and to hold onto their jobs by withholding information about their conduct in office, full information about which the public is entitled.

Let's consider The Preamble of the Constitution, and it is fitting that we do so in this, Constitution Week. The Preamble reads:

"We, The People of the United States, in order to form a more perfect Union, establish Justice, insure Domestic Tranquility, provide for the Common Defense, promote the General Welfare, and secure the Blessings of Liberty to Ourselves and our Posterity, do ordain and establish this Constitution for the United States of America."

★ ★ ★

PLEAST NOTE how The Preamble begins:

"We, The People of the United States."

It does not read "We, George Washington, John Adams, Ben Franklin, et al"—but "We, The People of the United States."

It would be well for officialdom in certain circles to let that sink in—to realize that it is The People they serve, that it is The People who pay their salaries, and it is The People to whom they are responsible.

They might seriously and soberly consider that, in the end, The People will hold them responsible for careful and conscientious conduct in office and in the channeling of full information to the public about their office. Arrogant disregard of this dictum will not suffice.

★ ★ ★

THE BROWN ACT prohibits secret meetings by California governing bodies. It is a good and necessary law but it does not make mandatory the steady outflow of governmental information from the public servants to The People. That is up to governmental employes themselves and in cities such as Sierra Madre this means the City Council, the City Administration, the Police Chief and certain of their assistants.

If these "Operator Employes of The People" will heed the injunction of "Give Light and the Public Will Find Its Way," all will be well. In such a case "Light" bespels honesty in office and good and able conduct in government.

If the aim of these public servants is to keep The People — The Taxpayers — in darkness, ultimate culmination will be the ousting of such governmental employes who ignore "We, The People."

In Our Own Home Town . . .

Adventures of a 'Broke' Citizen

Editor's Note — A Sierra Madrean breaks leg at night. Lacking orthopedic facilities he cannot get into our local hospital. Arcadia hospital rejects him because he can't pay on-the-spot admittance fee of $150. Los Angeles General County Hospital, built and maintained by taxpayers, admits him. A Negro girl patient gifts him with her cigarets. We resume with Den:

III

BY DEN MURRAY

YES, THE PAIN-WRACKED Negro girl pressed her pack upon me. Wherefore I pass along this unfiltered tip to you: if youre' a segregationalist — one who wishes no truck with Negroes — don't check in at Los Angeles General. The living decor down there is often darker than yours.

Not only are you likely to find the fellow-sufferer along side to be a Negro — 98% of personnel feeding you, bathing you, taking care of the demands of nature — are young Negro women.

These women and their Negro men colleagues, with but few exceptions, are a tolerant group that laughs off the Faubus type while giving them the same care given the others.

Their employment is no accident. Your Los Angeles County Hospital administration pays 25% higher than average wages to obtain the best quality of help in this field.

NOW WE'RE in Ward 4,000. Only a tiny part of the largest governmental hospiatl in the world under one roof. Separate rooms, large and small, accommodate men and women patients. The latter, mostly elderly, are in the majority.

Broken hips are the commonest injury. Several of the women are mental cases as well. Their outcries are disturbing. They belong in psycho wards. But the psycho wards, even in Los Angeles General, are as yet unequipped to provide specialized care for broken bodies at the same time they are caring for broken minds.

"Let the dear old things yell," shrugs our roommate we call "Colonel." "They're kids again lettin' off steam. Besides, I make more noise than that when I'm drunk."

A Pentecostal preacher bedded nearby raised a reproving eyebrow. It didn't deter the "Colonel," even though the preacher enjoyed a certain eminence in the ward for having been ironed out by Jayne Mansfield's chauffeur-driven car.

"If the whole 13 of you was as honest as I am you'd admit that gettin' drunk was what got you here." He glared at the preacher.

"But I ain't blamin' the muskeydoodle (muscatel wine) I drunk. I'm blamin' the fact I got a **home** to live in."

He pointed a bloodless forefinger at the corridor.

"Out there is a chart of United States Government figures showin' that 43 per cent of reported accidents **happen at home,** against only 36 per cent in traffic and miscellaneous.

"Now if I'd had sense enough to do my drinkin' behind a billboard instead of rushing home with that crock, I wouldn't have tangled with them concrete steps!"

His tobacco stained mustache bristled at the preacher challengingly but there was no return.

* * *

I PASS the "Colonel's" lesson along to my fellow Sierra Madreans. When aiming to get crocked, hunt yourself a billboard. This will take you beyond the corporate limits of our billboardless metropolis and thusly thwart that proven hazard awaiting you at home.

I saw a 52-year-old woman with a broken hip brought in. Five days later she entered an elevator on crutches to be driven home. Miracle? Not in Ward 4,000. They've got the medically renown "Neufeldt Nail," an artfully contrived metal piece that is inserted in bone breaks to attain instant union and promote swift healing.

The nationally famous orthopedist, Dr. Alonzo Neufeldt, invented it. He gives its usage free to Los Angeles General. Proceeds of its sale elsewhere he donates to research.

Yet this may not be Dr. Neufeldt's greatest contribution to Los Angeles General. For he heads up its Orthopedic Department.

* * *

THE PRESTIGE of the man, together with the vast and variated experience to be encountered in a hospital that picks up the pieces in the wake of Los Angeles County automobile drivers, has attracted skilled, highly trained registered nurses from as far away as Ireland.

One is Head Nurse Ann McGee of County Donegal. Another is assistant head nurse Joan Daniels of County Cavan.

Both bring striking good looks and Irish humor to their often grim tasks. Yet neither brooks nonsense.

Their training abroad included an extra year of obstetrics which wound them delivering individually more than 200 babies.

To a particularly obscene, obnoxious patient who kept demanding why she didn't enter the midwife vocation in America, one of them brogued grimly, "It might be my sad fate to bring the likes of you into the world."

And if you didn't favor Afro, or Irish, or Mexican, there were the two charming Chileanos, Oriela and Yllana. Come all the way from Chile to learn American nursing and teach glib-lined American men patients that President Kennedy is right. Down South America way, there must be an Alliance before there can be Progress.

NEXT WEEK, young Doctor Pipers.

News From Sacramento

Knight Is Fly In Democratic Ointment

By Henry C. MacArthur
(Capitol News Service—Special to the Sierra Madre News)

SACRAMENTO — The Republican list of individuals who have announced they want to be Governor of California grows and grows. Along with it, comes the ever-increasing number of brickbats, which go along with a gubernatorial campaign.

For the next nine and a half months, a brickbat manufacturer in California no doubt could make a young fortune, if he managed to sell them in the right places.

Latest is the attack of Governor Edmund G. Brown on the announced candidacy of former Governor Goodwin J. Knight, who announced early this week in Los Angeles.

* * *

Knight's announcement was not without surprise, as commented upon in this column after an exclusive interview with the ex-Governor when he visited Sacramento.

Brown says Knight's announcement "at this early date — a full nine months before the primary — is a transparent attempt to keep Richard Nixon out of the race. But I will leave it to these two worthies to fight their own battles.

"I would say, however, that whoever heads the Republican ticket next year will have to live with the Republican record in this state over the past 2½ years. That record has been one of shameful disregard for the needs of the people of this state, and their candidates next year will have a hard time explaining," the Governor concluded.

* * *

Governor Brown has good reason to make disparaging remarks about former Governor Knight's candidacy. Actually, Knight is the primary fly in the Democratic ointment as far as the campaign is concerned, and it's a good bet the Democrats will do everything they can to keep the ex-Governor from getting the Republican nomination.

Knight's first barrier to re-election, of course, is the June primary election. Assuming he has to run against Ex-Vice President Richard M. Nixon, the question, of course, is how many Republicans will follow along with the former Governor.

Knight's Democrat friends and he has plenty of them, can't help him much in the primaries. So the big guns will be turned on the June elections, both by the Brown forces of the Democratic Party, and the Nixon forces, whether Nixon is a candidate or not, to beat out the popular ex-Governor, whose popularity in Southern California has been on the upgrade for the past couple of years.

It will, no doubt, be a minor miracle if Knight can prevail against the Conservative Republicans and the Ultra-Liberal Democrats, who probably won't work openly in an unholy alliance, but whose purposes will be the same — knock Knight.

However, the former Governor returns to the political hustings probably in better shape than he ever was, in popular favor at least. His television shows in Los Angeles have kept him in front of the people of Southern California. He has traveled enough in the north, so as not to be forgotten.

Knight has the sympathies of many voters who still haven't forgotten how he was pushed into the U.S. senatorial race in 1958, and defeated.

All in all, it's going to be a really "great" election!

OUT OF THE COBWEBS

52 YEARS AGO THIS WEEK, Oct. 1, 1909 — The Iyanough Mining and Milling Company is the name of a new concern recently incorporated by several Sierra Madre men, acting with others. The purpose is to develop some promising gold mining claims held by the company in the mountains of Inyo County. Officers of the company are J. A. Madden, president; J. J. Graham, vice president; A. S. Mead, secretary and treasurer. Board of directors include the above and in addition C. M. Clark and E. J. Hunt of Pasadena, the latter brother-in-law of Mr. Clark.

Mr. and Mrs. W. J. Lawless returned last week from a trip through Europe in their summer travels. After motoring across England, they spent three weeks in Paris and the south of France. They then visited Italy whence they sailed for home.

* * *

19 YEARS AGO THIS WEEK, Oct. 1, 1942 — It couldn't possibly have been pre-arranged because National Newspaper Week was first observed only six years ago whereas the **SIERRA MADRE NEWS** was established in 1906, a year before Sierra Madre became a city through incorporation. So it is just a happy coincident that the 37th birthday anniversary of your hometown newspaper falls in Newspaper Week — on the very first day of that observance, in fact. First issue of the **NEWS** made its appearance the first week in October, 1906. It was a little four-page publication, the pages not much longer than that of the modern magazine and done on book paper. Sierra Madre was a very small place then, a town of little ranches and citrus orchards.

Appointment of Daniel Rausche as police officer to take the place of Arthur Johnson and R. A. Hawks as a member of the Auxiliary Fire Force, were confirmed by City Council Tuesday night. Johnson will be retained as a special officer.

* * *

11 YEARS AGO THIS WEEK, Oct. 5, 1950 — Appropriate last rites will be held for the formal departure of the last Big Red P. E. cars from Sierra Madre, on the City Square at sundown tomorrow, when the car makes its final stop at the Kersting Court Station. Chamber of Commerce President A. E. Morgan. Bank President Rolling Lewis and Columnist Lee Shippey will hang a floral wreath on the prow of the Big Red Car that has given so many years of faithful service to Sierra Madreans. Disappearance of the P. E. Red Cars mean the last of rail commuting for Sierra Madreans after almost 50 years. Rail travel yields to the new buses which will be put into service next Sunday, Oct. 8.

* * *

6 YEARS AGO THIS WEEK, Sept. 29, 1955—Roger Gray made his final appearance with the Sierra Madre Community Band at the Los Angeles County Fair in Pomona Saturday evening. Gray is resigning because of the press of other business. He is a full-time director of music in the El Monte Schools and is taking additional college courses in Los Angeles this year.

The home of Mr. and Mrs. George A. Feichtmann of 10 E. Bonita has been pictured in the October issue of Sunset Magazine. It shows the means by which the Feichtmanns have added a screen porch almost the full length of the south side of their house to extend the living area.

Mrs. Fenton Better

Mrs. F. R. C. (Dorothy) Fenton of 395 Sycamore, Sierra Madre, is progressing nicely in Sierra Madre Community Hospital, and expects to return home shortly.

Letter to The Editor

Dear Editor:

It is time the Wonders of the World were brought up to date. Egypt has its Pyramids, but Sierra Madre has its Auburn Street Water Tank. Travelers tell us that the moonlight does not caress the Taj Mahal with such tenderness as that which it suffuses our Water Tank, and astronomers compute that the Great Wall of China is not more distinguishable to a Martian than is this great pastel pride of our fair city.

Nothing gives distinction to a community like a structure which is itself distinct. Southern Californians by the thousands are trimming away local foliage and shining up picture windows to improve the highly salable Sierra Madre Water Tank view.

Lost mariners home on it, and fliers who have dropped the Southern Cross behind often navigate on it in preference to the less luminous North Star.

* * *

LET CARPING CRITICS remind us that the City Hall promised to break up its majestic outline with planted trees! They should be told to stop viewing with alarm and start pointing with pride, even though the viewing is so insistent that hardly anyone needs to point.

"Why have two planting seasons gone by while the Tank remains unhidden," ask these crass faultfinders.

"Does the City Administration intend to leave it the way it is?"

Civic pride scarcely permits the questions to be dignified by a reply. Of course it doesn't.

City Hall's object is to outdo, not merely rival the Seven Wonders of the Ancient World, and if one takes the trouble to climb up to the Tank and look carefully all around he will discover plants.

To be sure they are tiny saplings now, and probably recently came from six-inch pots, but remember, mighty oaks from little acorns grow, and give these twigs a few decades or so and our noble monument will not simply equal, it will surpass the Hanging Gardens of Babylon.

COL. C. R. GILDART.

Dear Editor:

Future development of our city is of real concern and interest to me. Sewers are a desirable improvement to be included in the best possible type of development which in turn produces property of higher value. For those people in areas who will desire sewers in the future, the following items are listed regarding the current sewer district complaints at the last City Council meeting:

1 — The people in the area involved request sewers by their petition.

2 — The City Council, Commissions, city administrator or city engineer have nothing to do with promoting sewers.

3 — On the particular district reported on in the Sept. 14, edition of the Sierra Madre News, the consulting engineer hired for the project was the J. M. Montgomery Company.

4 — This Consulting Engineer estimated the cost of the sewers way below the lowest bid submited.

5 — A public hearing was held where all the information was presented, including the fact that the bid price was above the engineer's estimate.

6 — As you will recall, the only persons who bothered to come to that hearing voiced opinion that the sewers were desired even though the cost was higher than anticipated.

7 — On this *unanimous decision* of those citizens present the contract was let and the sewers installed.

8 — The assessment was levied by the consulting engineer, not the city engineer.

9 — The city does not have funds made available by all the residents of the city to be used by any single sewer district not benefitting all the people.

10 — Those recorded as being present and voicing the loudest and uncalled for comments did not take the time and trouble to "get the facts." This is a common failing of all of us.

The lack of manners and the accusations made are certainly not the action of those who took the time to enlighten themselves on the fact that sewers cost money and those benefitted must pay their own costs.

—MILTON R. EMERSON.

Dear Editor:

Ainsworth's story of the Borglum Eagle in Aug. 23 and 24 of the Los Angeles Times was a challenge to me and should be to those of Sierra Madre who are interesetd in the historical past and preserving it in some form.

What can we do about bringing back the seven-foot widespread wing eagle and install it as a memorial to the world known sculptor Gutzon Borglum who once lived here and modeled the eagle, a commission from Gen. Harrison Grey Otis, then owner and publisher of the Los Angeles Times.

The eagle was modeled as I know, in his studio on South Hermosa and Orange Grove Ave., now the Gerald I. Farman home.

THE EAGLE ATOP the tower of the Time's building I saw when my husband Henry Ivins Hawxhurst was cartoonist on the Times staff and after the Times bombing in 1910, it was removed to the subsequent new building, and finally its position on the modern edifice of First St.

But it disappeared.

In these my later years, a resident of the British Home, here in Sierra Madre, doing research work on the life of Gutzon Borglum when living as an artist in Southern California and in my home town, Sierra Madre, after contacting Ed Ainsworth the idea of bringing back the Borglum eagle for a memorial to Borglum was furthered by Ainsworth's articles. What can be done about it

Any suggestions?

EDITH RITOS NELSON.

Family Pass Aids Season At Swim Pool

Total revenue of the Sierra Vista swim pool establishment for the past (1961) season was $14,039, compared to $10,325 for the 1960 season, an increase of $3,714.

Operative costs were $12,707, compared to $10,070 for 1960, an increase of $2,637.

Much of the season's increase, both financially and in attendance, was due to the family pass instituted by Assistant City Administrator Tom Bucth, receipts for which totaled $3,828.

Some 34,381 adults and youngsters used the pool this past summer, compared to 20,344 the previous season, an increase of 14,037.

Dr. Lawson gained television fame when she shared her humor, philosophy and homespun wisdom daily for two years in her famous TV kitchen at the American Broadcasting Company.

Hurt In Bike Fall

Slight bruises were incurred by Michael Sidenfaden of 260 Hacienda, when he fell from his bicycle at Orange Grove and Rancho Rd., after he had been brushed slightly by a car operated, police report, by Fred Unmade of 565 Lincoln Ave., Pasadena. Unmade was not held.

Phone Prefix Number Will Be Changed

All-numeral identification of telephone numbers will make its introduction in the December issue of the Northeastern section of the Telephone Directory, Dale Eckrote, district manager, California Water & Telephone Company, announced.

He further said the reason for making the statement was due to the fact two new exchanges in the Pasadena area, which also appear in the Northeastern section, were recently put into service using the all-number method of designating telephone numbers.

THE ALL-NUMBER plan is being adopted on a national basis by the entire telephone industry and the California Water & Telephone Company is co-operating in this movement in the Monrovia-Sierra Madre District on a gradual scale.

Eckrote said he wanted to make it clear to all Elliott and Elgin subscribers that no wholesale, or slash, type change was contemplated wherein the present prefixes EL would have the numbers 35 substituted for them, that his only point in making the announcements at this time was one of explanation to the subscribers in the area regarding the appearance of 7 numeral telephone numbers in the coming directory.

Pomona Fair $20,000 Tops Final Racing

POMONA—Most of the West's finest handicap horses will be on the Los Angeles County fair's record-shattering half-mile track the final week of the meeting ending Saturday, as the Pomona equine playground comes up with the tradition-laden Pomona Handicap for a purse of $20,000 in added money.

The "Silky Sullivan" of the fair circuit, Owner-Trainer Lynn Boice's exciting stakes star, "Physician," will strut his stretch-running stuff in the $20,000 added Pomona Handicap Saturday, and his presence on the racetrack conceivably could lure more people to this track than the record 24,678 who sat in on last Saturday's festivities.

IT'S A CINCH that all who saw "Physician" make up an almost unbelievable 20 lengths in the final half-mile of the Afflerbaugh Memorial 'Cap last weekend will be back to see if he can do it again, and if any newcomers can squeeze in, they'll be around, too.

Arrayed against "Physician" will be "Rob Bob," still looking for Pomona stakes win No. 6, in order to tie a record in that department held by the well-remembered "Dawn Lark," "Fay's Night Out," "El Tandilero" and "Top Double," to name just a few.

GWYNETH BEALER of 32 Esperanza, a young singer and former principal soprano of the D'Oyly Carte Opera Co., London, currently rehearses leading roles in a Gilbert and Sullivan twin bill to be given by the St. Elizabeth players at Fransworth Park Auditorium, N. Lake, Altadena, during five performances, Sept. 28-Oct. 1. She will play "Plaintiff" in "Trial By Jury," and "Josephine" in "H.M.S. Pinafore." St. Elizabeth Church will benefit.

H. T. Goodfellow's Mother Is Dead

Mrs. Emma Goodfellow, mother of Harold T. Goodfellow of 585 Ramona Ave., Sierra Madre, passed away last Friday. She resided at 275 N. Chester Ave., Pasadena. Also surviving are a daughter, Mrs. Evelyn De Clue of Valley Stream, N.Y., and three grandchildren. A private memorial service was held Sunday evening.

Hansen Will Talk About God's Rules

"The Greatest Commandment" will be the sermon title of Rev. Ray E. Hansen, pastor of Shepherd of the Hills Lutheran church, 33 E. Sierra Madre Blvd., Sierra Madre, at 10:10 a.m. Sunday. This is Worldwide Communion Sunday, with the congregation celebrating the Lord's Supper, along with Christian churches throughout the world.

"God gave us the Ten Commandments but Christ gave us the greatest commandment," the pastor explained. "This commandment centers around the word 'Love' and is not an easier way than a religion of rules. It is easier to keep rules than to live in love."

WHAT CHRIST teaches about love will be emphasized in the sermon, showing how life becomes genuine and happy when a person learns to love Christ's way.

Sunday School classes for all ages, including adult Bible discussion, are offered at 9 a.m.

Crowded Facilities Cause Bethany Church To Begin Twice Sunday Services

BECAUSE OF crowded facilities, Bethany Church will begin duplicate services this Sunday, Oct. 1 at 8:15 a.m. and 11 a.m. Sandwiched in between these two worship services will be the educational hour at 9:30 which has classes for all-age groups. During the worship hours, Communion services will be held with Dr. Schaper bringing a Communion meditation.

This coming Sunday also marks beginning of a five week loyalty campaign in the Sunday School. Oct. 1 has been designated as "Rally Day" and all members and former members are urged to participate in the campaign which is centered around the theme, "How Big Is The Church In Your Heart?"

In connection with this loyalty effort, Bethany Church is engaged in an attendance contest with Mission Covenant Church in Pasadena.

BETHANY CHURCH will hold a reception in honor of Mr. and Mrs. Eric Parsons, who are serving with Far East Broadcasting Company in Manila. Mrs. Parsons is the former Marileen Scoville, daughter of Mr. and Mrs. James Scoville of Sierra Madre.

They returned from the Philippines by way of Europe and have been spending recent weeks in Canada visiting friends and relatives of Mr. Parsons.

The Parsons were married in Manila and the reception Sunday night is significant because the congregation at Bethany has never met Mr. Parsons. The reception will follow the regular evening service and will be held in Fellowship Hall.

* * *

THE BETHANY CHURCH music department directed by Mrs. Margaret Schaper, announces Miss Margaret Meier, music teacher at Pasadena Christian School, will be directing the children's choirs this fall.

Miss Meier has studied at the Eastman School of Music in Rochester, N.Y. She has been at Pasadena Christian School four years and has had wide success with children's choir and in the direction of instrumental groups as well.

Mrs. Schaper feels that Bethany is fortunate to obtain Miss Meier for this important training field for young voices in the singing of church music. She would urge any parent in the community to enroll their children in this music program.

The Crusader Choir for Grades 3, 4 and 5 meets at 3:45 p.m. every Thursday and the Coronation Girls' Choir which includes Grades 6, 7, 8 and 9, meets at 4:45 p.m. every Thursday. Further information can be obtained by calling the church office at EL 5-1409.

Polio Clinic Due Oct. 2 Next Week's

People with children or adults who wish polio shots may obtain such at the next Polio Clinic to be held in the Sierra Madre Medical Center, Monday, Oct. 2, from 6:30 p.m. to 8 p.m., it was announced this week.

First, second, third and booster shots will be available for a $1 fee. Adults must accompany minors. Dr. George W. Groth Jr., has volunteered his services to assist at the clinic.

Hurt In Bike Fall

Slight bruises were incurred by Michael Sidenfaden of 260 Hacienda, when he fell from his bicycle at Orange Grove and Rancho Rd., after he had been brushed slightly by a car operated, police report, by Fred Unmade of 565 Lincoln Ave., Pasadena. Unmade was not held.

Phone Prefix Number Will Be Changed

All-numeral identification of telephone numbers will make its introduction in the December issue of the Northeastern section of the Telephone Directory, Dale Eckrote, district manager, California Water & Telephone Company, announced.

He further said the reason for making the statement was due to the fact two new exchanges in the Pasadena area, which also appear in the Northeastern section, were recently put into service using the all-number method of designating telephone numbers.

THE ALL-NUMBER plan is being adopted on a national basis by the entire telephone industry and the California Water & Telephone Company is co-operating in this movement in the Monrovia-Sierra Madre District on a gradual scale.

Eckrote said he wanted to make it clear to all Elliott and Elgin subscribers that no wholesale, or slash, type change was contemplated wherein the present prefixes EL would have the numbers 35 substituted for them, that his only point in making the announcements at this time was one of explanation to the subscribers in the area regarding the appearance of 7 numeral telephone numbers in the coming directory.

CAR HIT FROM BEHIND

Robert T. Dawn of 1071½ Muana Loa, Azusa, reported to police that his car was struck from behind when he stopped at the boulevard sign at Mountain Trail and E. Sierra Madre Blvd. Damage was slight.

Monrovia Mutual To Modernize Its Present Quarters

Complete modernization and beautification, both inside and out, for the building of the Monrovia Mutual Savings and Loan Association, at 237 South Myrtle Avenue, Monrovia, has been approved by the firm's board of directors.

Employed to draw plans for the improvements which will give a completely new look to the exterior of the structure is the architectural firm of Fickes and Fickes. Both of the Fickes brothers, Eugene W. Jr., and James T., are Monrovia residents.

According to R. C. Martens, vice president and manager of the association, preliminary drawings will be ready for checking within ten days, and construction will start within four weeks.

Phillip R. Heim, son of Mr. and Mrs. Philip Heim of 37 W. Carter, Sierra Madre, has been elected president of Vard, subsidiary of Royal Industries. He also has been elected vice president of Royal Industries.

Pomona Fair $20,000 Tops Final Racing

POMONA — Most of the West's finest handicap horses will be on the Los Angeles County fair's record-shattering half-mile track the final week of the meeting ending Saturday, as the Pomona equine playground comes up with the tradition-laden Pomona Handicap for a purse of $20,000 in added money.

The "Silky Sullivan" of the fair circuit, Owner-Trainer Lynn Boice's exciting stakes star, "Physician," will strut his stretch-running stuff in the $20,000 added Pomona Handicap Saturday, and his presence on the racetrack conceivably could lure more people to this track than the record 24,678 who sat in on last Saturday's festivities.

IT'S A CINCH that all who saw "Physician" make up an almost unbelievable 20 lengths in the final half-mile of the Afflerbaugh Memorial 'Cap last weekend will be back to see if he can do it again, and if any newcomers can squeeze in, they'll be around, too.

Arrayed against "Physician" will be "Rob Bob," still looking for Pomona stakes win No. 6, in order to tie a record in that department held by the well-remembered "Dawn Lark," "Fay's Night Out," "El Tandilero" and "Top Double," to name just a few.

GWYNETH BEALER of 32 Esperanza, a young singer and former principal soprano of the D'Oyly Carte Opera Co., London, currently rehearses leading roles in a Gilbert and Sullivan twin bill to be given by the St. Elizabeth players at Fransworth Park Auditorium, N. Lake, Altadena, during five performances, Sept. 28-Oct. 1. She will play "Plaintiff" in "Trial By Jury," and "Josephine" in "H.M.S. Pinafore." St. Elizabeth Church will benefit.

H. T. Goodfellow's Mother Is Dead

Mrs. Emma Goodfellow, mother of Harold T. Goodfellow of 585 Ramona Ave., Sierra Madre, passed away last Friday. She resided at 275 N. Chester Ave., Pasadena. Also surviving are a daughter, Mrs. Evelyn De Clue of Valley Stream, N.Y., and three grandchildren. A private memorial service was held Sunday evening.

Enrolls At Azusa

Richard Dale Anderson, son of Mr. and Mrs. Earle H. Anderson of 354 N. Lima, Sierra Madre, has enrolled as a freshman at Azusa College in Azusa. He seeks his bachelor of arts degree.

Hansen Will Talk About God's Rules

"The Greatest Commandment" will be the sermon title of Rev. Ray E. Hansen, pastor of Shepherd of the Hills Lutheran church, 33 E. Sierra Madre Blvd., Sierra Madre, at 10:10 a.m. Sunday. This is Worldwide Communion Sunday, with the congregation celebrating the Lord's Supper, along with Christian churches throughout the world.

"God gave us the Ten Commandments but Christ gave us the greatest commandment," the pastor explained. "This commandment centers around the word 'Love' and is not an easier way than a religion of rules. It is easier to keep rules than to live in love."

WHAT CHRIST teaches about love will be emphasized in the sermon, showing how life becomes genuine and happy when a person learns to love Christ's way.

Sunday School classes for all ages, including adult Bible discussion, are offered at 9 a.m.

Crowded Facilities Cause Bethany Church To Begin Twice Sunday Services

BECAUSE OF crowded facilities, Bethany Church will begin duplicate services this Sunday, Oct. 1 at 8:15 a.m. and 11 a.m. Sandwiched in between these two worship services will be the educational hour at 9:30 which has classes for all-age groups. During the worship hours, Communion services will be held with Dr. Schaper bringing a Communion meditation.

This coming Sunday also marks beginning of a five week loyalty campaign in the Sunday School. Oct. 1 has been designated as "Rally Day" and all members and former members are urged to participate in the campaign which is centered around the theme, "How Big Is The Church In Your Heart?"

In connection with this loyalty effort, Bethany Church is engaged in an attendance contest with Mission Covenant Church in Pasadena.

BETHANY CHURCH will hold a reception in honor of Mr. and Mrs. Eric Parsons, who are serving with Far East Broadcasting Company in Manila. Mrs. Parsons is the former Marileen Scoville, daughter of Mr. and Mrs. James Scoville of Sierra Madre.

They returned from the Philippines by way of Europe and have been spending recent weeks in Canada visiting friends and relatives of Mr. Parsons.

The Parsons were married in Manila and the reception Sunday night is significant because the congregation at Bethany has never met Mr. Parsons. The reception will follow the regular evening service and will be held in Fellowship Hall.

* * *

THE BETHANY CHURCH music department directed by Mrs. Margaret Schaper, announces Miss Margaret Meier, music teacher at Pasadena Christian School, will be directing the children's choirs this fall.

Miss Meier has studied at the Eastman School of Music in Rochester, N.Y. She has been at Pasadena Christian School four years and has had wide success with children's choir and in the direction of instrumental groups as well.

Mrs. Schaper feels that Bethany is fortunate to obtain Miss Meier for this important training field for young voices in the singing of church music. She would urge any parent in the community to enroll their children in this music program.

The Crusader Choir for Grades 3, 4 and 5 meets at 3:45 p.m. every Thursday and the Coronation Girls' Choir which includes Grades 6, 7, 8 and 9, meets at 4:45 p.m. every Thursday. Further information can be obtained by calling the church office at EL 5-1409.
